Note to Patients:

In order to examine your retina, and perform any necessary tests, your eyes must fully dilate. This takes a minimum of 30 minutes. Your first visit can last up to two hours, please plan accordingly and arrive on time.

↳ Please bring your insurance card and this referral slip with you to your appointment as it may be required by your insurance company for a consult with a retina specialist.

📍 9360 No Name Uno #220, Gilroy 📍

St. Louise Hospital

Masten Ave
